

Learning From Student Perspectives

PANELISTS' RECOMMENDED RESOURCES

CASEL Webinars: <https://casel.org/weekly-webinars/>

From CASEL

- [Strategies for Gathering Student Feedback \(CASEL\)](#) - Students are the best source of information about what is working to help them learn and feel supported. Use this tool to develop a simple strategy to learn from students to continuously improve instruction to better meet their needs.
- [5-Minute Chats With Individual Students \(CASEL\)](#) - Personal connection and relationships are critical in being a culturally responsive educator and as a gateway to engagement in learning. This template includes a structure and sample questions for one-on-one chats to begin to build those connections.
- [CASEL Guide to Schoolwide SEL - Elevate Student Voice](#) - Students have a unique perspective on how high-level decisions impact the day-to-day life of the school, and their voices are critical to quality schoolwide SEL implementation and fostering equitable learning environments.

From YouthTruth & North Clackamas School District

- [YouthTruth Students Weigh In Part II Learning And Well Being During Covid-19](#)
In response to a stark lack of firsthand data about how the pandemic and school closures were affecting students' lived experiences this report — the second in a three-part series — explores what students have to say about learning and well-being during COVID-19.
- [Driving Equity With Student Survey Data Guidebook](#) - This is a practical guide for schools to better understand how to use their student survey data to drive forward their equity work.
- [YouthTruthSurvey.org](#) student and stakeholder feedback for school improvement
- [North Clackamas Equity Lenses](#) - guidance for use that supports the lens questions
